October 4th, 2018

Ladies and Gentlemen of the National Council,

Greetings from St. Louis, MO. Myself and a few members from Schiller Turners are requesting permission to start a new Turner Society, "Imperial Turners" and to then transfer to said Society.

This Society will become a part of the St. Louis District.

At the last convention held in August we heard the message loud and clear, we need new Turner Societies and new Turner Members across the country. We have taken that message to heart and have decided to start a new Society and grow the St. Louis District even larger. These days there are too many "social clubs" and "stagnant Societies". We wish to change that in our area and get our new members involved in local community events and varies exercise activities. As we grow so will our activities and events. All of our members when contacted about joining were given our plans and ideas and each of the families want to be a part of our vision.

We are excited for this new start as are our members in getting involved. It will be nice to see Turnerism the way I remember when I was a child growing up in the Turner movement. My father is and has been a Turner for 82 years. I hope to one day be able to say that.

A few members from other Societies in our District have decided to join us as they also believe in this future of active Turnerism and want to accompany us on our journey.

I think the easiest way to jump start new Societies is to have a few members do as we are doing. We know what it is to be a Turner and can easily bring new members in where as starting a new Societies fresh off the street with no existing members is very difficult and why we have not had any new Societies in at least half my lifetime. With your permission and assistance I hope we are stirring up something great again within the American Turners.

Please give up the chance to move forward.

Respectfully submitted,

Sean Sendlein - Turner Member since 1996

Enclosed: Imperial Turners Charter Membership Roster, Articles of Incorporation, By-Laws, Transfer List
